

HAD ENOUGH YET?

912 Project Members

One week from tomorrow the 2012 Election for President of the United States will be held. Along with that the election of the entire US House of Representatives and 1/3 of the members of the US Senate will occur. Additionally hundreds of local, county, and state officials and issues will be elected and decided. I predict this will be the most consequential election of any of our lives. The results of this election will either mark the first step of the long journey back to the Constitutional Republic the Founders gave us or the completion of the 100 year march to socialism and the destruction of the Republic. Our liberty and our country's standing as a beacon of hope for mankind hangs in the balance.

The 912 Project is moving ahead with all dispatch on a national level. The website [www.the-912-project.com](http://www.the-912-project.com), is receiving 1000s of hits every month and inquiries from individuals all over the country. Please spend some time here. I believe you will be pleased with what you see.

At such a critical time, I believe 1)it is important to clarify the mission and focus of the 912 project and 2) to strongly suggest that you become active in this organization in the weeks ahead (starting with taking a few minutes to register (at no cost) on our new Meetup site, <http://www.meetup.com/The-Oregon-912-Project/>

The National 912 Project definition and Mission statement:

"The 9/12 Project is a volunteer based, non-partisan movement focusing on building and uniting our communities back to the place we were on 9/12/2001. The day after America was attacked we were not obsessed with political parties, the color of your skin, or what religion you practiced. We were united as Americans, standing together to protect the greatest nation ever created. Our goal is to bring us back to that same feeling of togetherness again.

Our Mission is to inspire individuals and groups to connect with their communities through education, service and dedication to the 9 Principles and 12 Values to which we have committed."

The 3 primary focuses of the organization are:

EDUCATION, PREPAREDNESS, and CHARITY

If these are areas that are important to you and that you would like to help us drive and support within OUR local communities, we need you to stand up and get ACTIVE. It's just not enough to be a member in name only or sit on an email list, or go to a meeting once in a while. We need to have all hands on deck for the tasks and challenges ahead. I know we are all pulled in many many directions and so we must prioritize our time.

Nevertheless with the stakes as high as they are I am hoping that more will respond to this request than will not.

My goals by our next meeting of November 18 for everyone reading this are:

1) register on Meetup, 2)decide which of the 3 focus areas above you are willing to contribute to, your time, financially, or both. 3) bring a friend, neighbor, or family member to the meeting for their introduction to 912.

We will be posting attendance and comments on meetup and welcome yours in the discussion forums. Thank you for your past support and for what you may do in the future.

Art Scevola, President  
Oregon 912 Project
